W. S. Cowherd Dying

in Pasadena, Cal.

Kansas City, Mo., June 15.—W. S. Cowherd is dying in Pasadena, Cal., according to word that came to friends in Kansas City today. With Mr. Cowherd is R. J. Ingraham, one of his law partners, his wife and sister. He has been suffering for several weeks from pernicious anemia.

Mr. Cowherd was born and reared in Kansas City. He served one term as Mayor and several terms in Congress. As the Democratic nominee for Governor he was defeated in the Republican landslide that sent Herbert S. Hadley into office.

Friends forced him to become a candidate for the nomination for Governor again at the eleventh hour in 1912 against Elliott W. Major. He was defeated in the primary.

Ohio Street M. E. Church

For the coming Lord's Day, the morning subject will be, "Reflections upon War and Peace." The choir will sing an anthem by Wm. Laurie Hill, "A Prayer for Peace." The pastor has not hitherto discussed the present "world war." However many phrases of the situation have been partially treated in press and pulpit. Having from boyhood devoured ancient and modern history, it may be that our views are not altogether worthless.

The minister of this church has been invited to deliver the memorial address before the order of Yeoman on Sunday.

Don't Lose Your Hay

WHAT if it is still wet when hay time comes? Can you afford to stack high-priced hay out in the open and let a big per cent spoil? Men who make a profit on the farm are building good sheds to stack their hay in, away from the rain. The loss of a few years will pay for the shed. Did you ever figure what your loss was in an average year? How much more will the loss be this wet year?

You can still save your hay if you get busy at once. We have every thing for the hay barn right here in our big red sheds. Come in and talk the thing over with us. We will show you how to save money in buying lumber.

Our Hay Frame Lumber is better than any ever sold in Butler before. You had better get yours early and have your frame made now.

We have just received a large shipment of Car Stacks, the best material for wheat bins. We are making a special price on this material. Build a good bin and store your wheat for the high prices. Let us help you with your building problems.
